\$268 Million For New Schools And Education Upgrades In Alberta

14 new school projects will provide new and improved student spaces, create jobs, and revitalize Alberta communities

Alberta's government is providing \$268 million for school construction in the province including new schools in Calgary, Camrose, Edmonton, Lethbridge, Manning and Red Deer. Budget 2021 also provides for five modernizations or additions, two school replacement projects and funding for a school ownership solution.

In the Grand Yellowhead School Division, Alberta's government is funding the modernization of Grand Trunk School in Evansburg through design funding.

"Grand Trunk Yellowhead School Division has received a gold star from me since day one. The work of their board, their superintendent, their principals and teachers, have paid dividends for the students in regards to test scores, and tax payers in regards to their efficient use of their budgets for some time. I am so very pleased to see that the Grand Trunk School will be receiving the funding for the modernizations that are much needed to continue to their great work in educating our next generation of high performing Albertans, proving that with the right management, that the Rural Advantage is Real."

Shane Getson, MLA Lac Ste. Anne-Parkland

In total, the 2021 Capital Plan spends \$1.6 billion over three years on school

infrastructure. In addition to these 14 new school projects, this funding also continues work on more than 62 previously announced school projects across Alberta. Of these, 19 are expected to be complete through 2021-22. The remaining projects are in various stages of planning, design, or construction.

Additionally, Capital Maintenance and Renewal funding of \$203 million over three years will go to existing school facilities.

Alberta's government is responding to the COVID-19 pandemic by protecting livelihoods with Alberta's Recovery Plan, a bold, ambitious long-term strategy to build, diversify and create tens of thousands of jobs now. By building schools, roads and other core infrastructure we are benefiting our communities. By diversifying our economy and attracting investment with Canada's most competitive tax environment, we are putting Alberta on a path for a generation of growth.

Onoway Elementary School is accepting online registration for the 2021-22 Kindergarten Program

Program Offerings:

- caring environment that promotes individual growth and responsibility
- strong early literacy and numeracy programs
- excellent technology program integrated through curriculum

Parents may select for the Monday/Wednesday or Tuesday/Thursday class on a 'first come/first serve basis' at the time of registration. Friday will be alternating based on our school calendar and programming requirements.

Your child's birth certificate, guardianship/parental custody agreements and proof of address are required. Any NGPS/School Fees are payable via School Cash Online.

Children must be five years of age by December 31, 2021 to qualify for kindergarten.

Email: oes@ngps.ca

Questions? Please call our school at 780-967-5209.

Due to COVID restrictions, a pre-recorded virtual tour with further information will be shared in the Spring for all new registrants.
