

Action Plan

Looking Back...Looking Forward...Moving Forward

Northern Gateway
Public Schools

Darwell School
Principal: Christine Bzdel

Goal 1

Celebrations: Numeracy - Fact Fluency

Students are working to improve their fact fluency thereby making all aspects of numeracy more fluid and accessible. We currently have a dedicated fact fluency time set for each day and students have been creating their own goals. We consistently use the ANIE (Assessment of Numeracy for Education) to assess next steps in the progression of learning.

Connection:

Our numeracy assessments indicate that fact fluency is an area of growth. We will continue to analyse our data from the MIPI, EICS and EYE for classroom, intervention and extension planning.

Process :

Continue dedicated, regular fact fluency time
Staff study of Figuring Out Fluency series
Math Club
Numeracy Running Records
Division/ERLC PD
Numeracy Interventions
EICS/MIPI/EYE Data Analysis
PLC

Authentic Application:

Regular ANIE/SNAP administration
Set specific check-in dates to check fluency
Problem of the Week
Math Library Packs

Reflection :

Goal 2

Celebrations: Literacy - Writing

Our students have self-published short story books, regularly write in journals and have created writing portfolios.

Connection:

Our PATs show that writing is an area of growth. We would like to offer more opportunities for students to write authentically and have their work published. We will expose students to different genres and have them read more peer work. We will analyse data from HLATs, CC3, EYE, and F&P to inform planning.

Process :

Writers Workshop
ERLC/Division PD
CTMs
PLCs

Authentic Application:

Newsletter where every grade level will contribute
Showcase writing at events
Students read written work at announcements
Decide on a common organizer
Editing checklists

Reflection :
